Advance directives, in operating room, 524
Advanced individual training, injury risk factors in, 647
Advanced life support, patient transfer training program, 821
Aeromedical evacuation
  biological warfare casualties, infectious disease on aircraft and, S1(11)
  femur fractures, Landstuhl frame use in, 521
  history and future needs in, 429
Air Force
  basic training, smoking relapse after, 884
  flight physicals, screening chest radiographs utility in, 667
  nursing, integration with Army nursing, oral history of, 131
  recruits, intoxication and alcohol-related problems in, indicators of, 539
  vision readiness, 512
Air Force Dental Service, 50-year history, 594
Aircraft, high-performance, spine-based neurological cockpit injuries in pilots and, 6
Aircraft carrier, nuclear-powered, patient compliance and blood pressure control, pharmacy officer impact, 106
Airway management, field, combat medical officer, 111
Al Eskan disease, chemical warfare agent exposure and, in Persian Gulf War veterans, 321
Albuterol, acute asthma treatment in field environment and, 449
Alcohol
  heavy consumption, work productivity loss and, in active duty military personnel, 355
  problems, frequency of, in Air Force basic recruits, 539
Allergy, in military personnel, 193
Altitude injuries, military static line parachutists, review of, 268
American College of Physicians Annual Scientific Meeting, attendee motivation and educational value, 211
Androgen deprivation therapy, prostate cancer and, clinician-pathologist communication and, 294
Anesthesia, propofol and alfentanil use in remote locations, 195
Anesthetic agents, chemical warfare agent interactions with, swine model, 573
Anger, combat-related post-traumatic stress disorder, treatment termination by angry patients with, 422
Ankle injuries, parachutist ankle brace effectiveness in reducing, airborne Ranger battalion, 944
Antibiotic resistance
  clinician's perspective, S43(7)
  monitoring, laboratory perspective, S40(7)
  overview and strategies for, S35(7)
Antimicrobial resistance, management of, S12(7)
Antiphospholipid antibodies, ischemic stroke and, calcium supplementation effects, case report and hypothesis, 489
Army
  active duty
    diabetes incidence among dental patients, 368
    length of soldier deployment and self-reports of spousal violence, 41
    obstetric clinic, enlisted service women, 45
  advanced individual training, injury risk factors in, 647
  American College of Physicians Annual Scientific Meeting, attendee motivation and educational value, 211
  basic training, immune function and infection incidence in, 878
  combat mortality, comparison with Marine Corps, 362
  confidentiality in psychological services, 261
  congenital radioulnar synostosis, in active duty soldier, case report and literature review, 425
  dental care system, health promotion in, 598
  dental personnel, carpal tunnel syndrome and, 372
  dentists, dental health promotion and preventive dentistry practices, 604
  deployable medical systems, trauma patient outcome, 867
  deployment dialysis, history and future challenges, 737
  family advocacy program, women who are violent in intimate relationships and, 214
  Korean War, psychiatry in, 256
  medical treatment facilities, solid waste management at, 302
  nursing, integration with Air Force nursing, oral history of, 131
  parachute-related injuries, incidence of, 268
  recruits, varicella screening and vaccination cost-effectiveness in, 309
  reserves, critical care nursing residency program, 243
  sexual harassment vulnerability and, personality characteristics and, 709
  static line parachutists, injuries at altitude, 268
  tattooed soldiers, incidence, behavior, and risk, 135
  women, violence in intimate relationships and, 214
Association of Military Surgeons of the United States, 106th annual meeting highlights, iv(4)
Asthma
  acute, treatment in field environment, albuterol and large volume spacer, 449
  military recruit survival analysis and, 852

B

Backpack run test, fairness and occupational relevance of, 418
Basic training, cadet, stress and coping in, ethnographic study, 147
Battlefield
  fluidity of, Swedish Armed Forces Medical Services adaptations, 824
  tourniquet systems, peripheral vascular wounds and, 379
Behavioral therapy, insomnia and, 200
Biological/chemical warfare
  agents, interactions with anesthetics, swine model, 573
  Al Eskan disease and exposure to chemical warfare agents, in Persian Gulf War veterans, 321
  bioterrorism and public health laboratory importance and, S25(7)
  casualties
    aeromedical evacuation of, S1(11)
    algorithmic approach to clinical management of, 659
  heath risk and ecological risk assessment, 1
  protective device for infants, physiological and practical evaluation, 663
  protective gear for, intubation performance by hospital medical personnel and, 272
Bioterrorism
  national laboratory network for, S28(7)
  public health laboratory importance and, S25(7)
Bladder entrapment, after external fixation of traumatic pubic diastasis, CT follow-up and prompt diagnosis importance, case report, 493
Blast wave, respiration, circulation, and brain activity changes after exposure to, pigs, 119
Blood pressure, control, on nuclear-powered aircraft carrier, pharmacy officer impact on, 106
Blood-borne diseases, tattooing and, 135
Body composition, Navy comparison with Marine Corps personnel, 60
Bosnia
  German contingent of Stabilization Forces, water and food quality maintenance in, 346
  hospitalization of military service members in, 505
  psychological stress levels, factors influencing, Italian peacekeepers, 911

Brain activity, changes in, after blast wave exposure, pigs, 119
Breast cancer
  access and late-stage diagnosis, in military health system, 585
  tuberculosis of breast presenting as, case report, 800

C

Cadets, basic training, stress and coping in, ethnographic study, 147
Calcaneus fractures, pneumatic intermittent impulse compression device in treatment of, 721
Calcium supplementation, ischemic stroke and antiphospholipid antibodies and, case report and hypothesis, 489
Canadian Military Chaplains, program for, after NATO and United Nations peacekeeping missions, 687
Cancer
  gastric, *Helicobacter pylori* and, 21
  mortality from, cholesterol levels and, 466
Cardiac catheterization, complications from, military database analysis, 298
Cardiac death, sudden, left coronary artery anomaly and, military athletes, case report, 157
Carotid endarterectomy, critical pathway for, design of, 385
Carpal tunnel syndrome, Army dental personnel and, 372
Casualties
  biological/chemical warfare, algorithmic approach to clinical management of, 659
  dental, rates of, literature review, 751
Cerebral perfusion, regional, post-traumatic stress disorder and, single-photon emission computed tomography analysis, 473
Cerebral vascular accident, cardiac catheterization, complications from, military database analysis, 298
Cerebroembolism, fatal, nonbacterial thrombotic endocarditis and, case report and literature review, 83
Cervical spine injury, cockpit injuries, 6
CHAMPUS Reform Initiative, managed care provision in large population, 403
Chaplains, progrma for, after NATO and United Nations peacekeeping missions, 687
Chemical Infant Protective System, physiological and practical evaluation, 663
Chemical warfare: *see* Biological/chemical warfare
Child abuse: *see under* Abuse
Children, safety seat use in military population, 875
Chlamydia, screening and reporting practices in military medical center, 470
Cholesterol, low, noncardiovascular mortality and, 466
Circadian disturbances, night-shift work on naval ship, 101
Circulation, changes in, after blast wave exposure, pigs, 119
Cirrhosis

liver disease and, military patients, 178
mortality, among former prisoners of war of World War II and Korean Conflict, 50-year follow-up study, 781
Clinical Laboratory Improvement Program, S48(7)
Coast Guard, pharmacy officer support, 855
Cognitive decline, age-related, incidence in veterans, 622
Colon, war injuries, Croatian War, 186
Colorectal war injuries, Croatian War, 186
Combat
shipboard medical admissions during deployment for, 228
soldier, Gulf War syndrome and, psychiatric thinking and workmen's compensation experience, 33
stress
control units, psychologists role in, 459
in Korean War, Army, 256
Commonwealth Division, in Korean War, psychiatric casualties in, 256
Communicable disease: *see* Infectious disease
Computed tomography, Lemierre syndrome evaluation, 638
Computer simulation, orthodontic clinic staffing decisions and, 114
Confidentiality, in psychological services, Army, 261
Conflict Tactics Scale, solder deployment length and self-reports of spousal violence, 41
COPE Program, chronic pain management, treatment efficacy and utilization of program for, 954
Coping, cadet basic training and, ethnographic study, 147
Corpsmen, field, medical supply set for, 483
Cortisol, circadian disturbances after night-shift work, 101
Craniopharyngioma, suprasellar cystic, intellectual and neuropsychological improvement after removal, case report, 496
Critical pathway, carotid endarterectomy, design of, 385
Croatia
intensive care in German field hospital during the Implementation Force mission, 445
Osijek Health Center in, 929
war injuries
colorectal, 186
foot, management and outcome, 18
gluteal gunshot wounds, 237
liver, management during, 173
Cutaneous disease, in military personnel, 193
Cyanide poisoning, animal model for, 967
Cystericosis, *Taenia saginata*, Polish and American research collaboration, 224

D

Debridement, foot injuries by antipersonnel mines, Croatian war, 18
Decongestants, nasal, underwater application of, 849
Defense services, medical ethics surveillance in, 351
Demand management, in managed care, 305
Dementia, global, heat stroke and, case reports, 500
Demographics, female veterans, changing characteristics of, 773
Dental bonding systems, bond strengths of, comparison study, 560
Dentistry
Air Force Dental Service, 50-year history, 594
Army dental care system, health promotion in, 598
bond strength and bonding failure of composite resin to enamel and dentin, 742
bond strengths of dental bonding systems, comparison study, 560
cancer initiatives, dental health promotion and, 844
carpal tunnel syndrome effects on dental personnel, 372
costs of restoration to optimal oral health, active duty and recruit military personnel, 70
dental casualty rates, literature review, 751
dental health promotion and preventive dentistry practices, U.S. Army dentists, 604
dental readiness, endodontics and, 127
diabetes incidence in patients, active duty Army, 368
digital radiography and remote facilities, 925
needlestick injuries in dental health care workers, 208
orthodontic clinic staffing decisions, computer simulation, 114
restorative material, Fuji IX-GP, radiopacity of, 278
Department of Defense
classroom learning through civilian-military shareware, 714
clinical prevention practices, provider attitudes toward, 916
computer-based patient record, 180
global influenza surveillance system, S52(7)
heavy alcohol consumption and work productivity loss, in active duty military personnel, worldwide survey, 355
medical mortality registry, S57(7)
patient satisfaction in military emergency department and, 396
Deployable Medical Systems, humanitarian relief mission in Haiti, patient encounter data, 337
Dermatitis herpetiformis, in military personnel, 193
Diabetes
incidence in active duty Army dental patients, 368
telemedicine role in management, 579
Dialysis, deployment, history and future challenges, Army, 737
